

Cemetery Maintenance Funds

Current annual expenses average \$2,500 per year and include mowing and weed-eating approximately 10 times per year, fence and gate maintenance, updating signage, tree and brush control, and any miscellaneous supplies (postage, letters, etc.). While there is a plot cost of \$500 and a one-time grave service fee of \$250, there are only one or two new burials each year which will not finance the expenses necessary to maintain the cemetery. That said, we are asking family and friends of those interred at **Pleasant Grove Cemetery** for donations to help meet the financial needs and preserve this beautiful memorial site. See <https://www.findagrave.com/cemetery/6047/pleasant-grove-cemetery> to view documented burials.

We ask that you consider a donation to the **Pleasant Grove Cemetery Association** to ensure future caretaking of your family and friends' plots. An annual CHRISTMAS gift to the Association each year would be a wonderful tribute to families for years to come. Any amount will be most appreciated and used very wisely in maintaining the grounds. We hope you will place it on your heart to continue to support this effort.

Should you decide to provide support, please make your check payable to **Pleasant Grove Cemetery Association** and mail it to:
